

## Important Codes

- NAICS: 423840
- DUNS: 808962328
- Cage: 64JD7

## Capabilities

Rope and Rescue is a supplier for common safety and rescue equipment. With years of experience in the rope access industry, we've dealt with window cleaners, tower climbers, construction companies, and the like. On the rescue side we commonly work with fire departments, task forces, and search and rescue teams. We can deliver products from major suppliers reliably and at competitive prices.

## Product Lines

We carry products from companies like:

- Capital Safety (DBI/SALA and Protecta)
- Pigeon Mountain Industries (PMI)
- Petzl America
- New England Rope
- Sterling Rope
- Descent Control
- And many more

## Facility

Our head quarters are located at:  
12371 Mead Way  
Littleton, CO 80125

We currently use a 18,000 ft<sup>2</sup> warehouse housing one of the nations largest inventories of rope and safety equipment.

## Expertise

Company President Chris Wallace started abc Window Cleaning Supply, Inc. in 1995 with his wife, Linda Wallace. This company quickly grew until it was the largest in the USA. The largest customers were the companies that cleaned high rise buildings using rope access techniques and equipment. It soon became clear that the next step was going to be selling to broader industries using the same equipment.

Thus, Rope and Rescue was born. It is now headed by Jacob Wallace. Jacob has dealt with safety and rescue equipment all his life and brings his own experience and perspective to the company.

## Past Performance

Rope and Rescue has successfully done business in the private sector and with the government for years. Here are a few key customers:

Colorado Task Force 1  
Lakewood, Colorado 80235

Among other things, we supply them with their helmets for responding to disasters.

Bryce Canyon National Park  
Bryce, UT

We outfitted the national parks rescue team with the gear they need in case of an emergency.

MTH Industries  
Hillside, IL

When they needed to do a job right away, we were the only company with the harnesses in stock to ship out next day air.

Your Training  
Rockford, MI

We supply Your Training with the gear they need to train fire fighters and rescue personnel.
